SCOTT-ST. LOUIS AREA CHAP.

Armed Forces Communication and Electronics Association

SCOTT AFB, ILLINOIS 62225

Admiral Stansfield Turner
Director Central Intelligence Agency
Washington, D.C. 20505

July 16, 1979

Sir:

On behalf of the Scott-St. Louis Area Chapter of the Armed Forces Communications and Electronics Association (AFCEA), I invite you to speak at one of our monthly meetings. As you may know, AFCEA is the only association devoted to government/military/industrial interface in the fields of communications, electronics, computer sciences, imagery, audio visuals, and command and control. As an educationally-oriented, non-profit, technical society, AFCEA seeks to promote excellence in the foregoing fields. By offering this forum for closer understanding and cooperation among military and civilians in government and industry, AFCEA strives to strengthen national security. With these goals in mind, our program committee selected you to be our guest speaker because your experience with communications, computers, and command and control in relation to your organization would be both educational and extremely fascinating.

To best utilize your time, there are agencies and functions on Scott AFB for which you may already have planned a future visit; such as, Headquarters Military Airlift Command (MAC), Headquarters Air Force Communications Service (AFCS), Headquarters Aerospace Rescue and Recovery Service (ARRS), Headquarters Air Weather Service (AWS), and the Defense Commercial Communication Office (DECCO). A speaking engagement for AFCEA could be arranged in coordination with any of these organizations or any trip to the St. Louis Area.

Our chapter meets monthly from September, 79 through May, 80. Again we would be honored to have you as AFCEA's guest speaker and would make any adjustments to our scheduling to make this speaking engagement convenient and pleasurable for you.

I would be happy to address any questions you might have regarding this subject.

Respectfully,

Charles E. Croom, Jr.

Charles E. Croom, Jr., Capt, USAF
Scott-St. Louis Area Chapter
Armed Forces Communications and Electronics Association

STAT

Captain Charles E. Croom, Jr., USAF
Scott-St. Louis Area Chapter
Armed Forces Communications and
Electronics Association

[Redacted]

Dear Captain Croom:

Thank you for your letter of July 16th to Admiral Turner inviting him to address the Scott-St. Louis Area Chapter of the Armed Forces Communications and Electronics Association. Unfortunately, the Admiral has so many events already scheduled far into the foreseeable future that it is impossible to take on any additional commitments. He appreciates your thinking of him, however.

Sincerely,

SIGNED
